### President's Corner:

## It Is Better To Give Than To Recieve

Life is a gift, and it offers us the privilege, opportunity, and responsibility to give something back by becoming more.

*-Anthony Robbins  
American Advisor to World Leaders*

Each of us, within our own field of work, have opportunities to use our talents and knowledge to help others in need. Though I recommend being selective, providing pro bono work is charitable, but also provides opportunities to expand our services and extend our knowledge base with regards to design, services rendered, etc. The value created by giving our time, talent and efforts to benefit those in need is incredibly rewarding.

*-Barron Schimberg, AIA
