COLLABORATIVE METHODS
A MONTHLY NEWSLETTER

Dear [member_name_first],

Welcome to our July 2011 edition. This monthly newsletter showcases design solutions that The Schimberg Group provides to its clients. The Schimberg Group understands that collaboration is fundamental towards achieving best practices, sustainable success and **Extraordinary Results**.

President's Corner: **YOU HAVE ARRIVED**

"Arrival represents a partial objective of the overall goal of arriving at the final destination. For the designer, there are opportunities to make the arrival memorable, to reveal the whole cohesively, and to make the path clear for visitors, among others."

*-Roberto J. Rengel
Shaping Interior Space*

When designing a lobby or entry, the sign and reception area provide an opportunity to both reflect a company's philosophy using aesthetics and create an important first impression. By using different materials and shapes, in conjunction with the company's logo, the client can achieve their design goals.
